

Spry

IT Strategy & Modernization

Who We Are

Spry Methods, Inc (Spry) is an agile and dynamic Small Business providing well-designed and purposeful, on the ground technical and security expertise to the DoD, Federal Civilian, Intelligence, and Law Enforcement Communities who sustain mission critical operations and development programs in support of our Nation’s security.

What We Do

Each industry is constantly evolving and changing, requiring solutions that can be tailored to meet strategic initiatives and goals, and a partner that has the experience to get there. Our professionals develop and implement IT strategies, compliance architectures, and risk frameworks that are based on industry best practices and methodologies, to transform their organization and build innovative and future focused IT capabilities for our customers. Our deep industry knowledge and responsiveness ensure that we continue to exceed our clients’ expectations by delivering superior solutions and support to meet their mission critical needs.

Enterprise Risk Strategy

Spry leverages its understanding of organizational and operational risks to help customers determine their enterprise tolerance for risk, develop a risk framework, and provide a risk-based approach towards the effective use of limited resources.

- Enterprise Risk Maturity Modeling
- Operations & Compliance Risk
- Internal Controls & Risk Assessments
- Risk Data Management

IT Strategy

A strong IT strategy provides a blueprint of how technology supports and shapes the organization's overall business strategy. Spry helps our customers develop strategic goals that align to their business and mission.

- Program Governance & Strategy
- Portfolio Management
- Business Process Improvement
- Independent Verification & Validation

Technology Modernization

Spry creates business value for our customers by enabling organizations to increase efficiencies and productivity through technology modernization, realizing cost savings and reducing risks.

- Agile Transformation
- Intelligent Automation
- Digital Enablement
- Emerging Technologies

Advisory Services

Spry integrates our expertise and methodologies to deliver comprehensive advisory services resulting in improved operational efficiency, accountability, and sustainable compliance.

- PMO Support
- Program & Financial Reporting
- Audit Readiness Support
- Change Management
