

# National Security & Intelligence

## Who We Are

Spry Methods, Inc (Spry) is an agile and dynamic Small Business providing well-designed and purposeful, on the ground technical and security expertise to the DoD, Federal Civilian, Intelligence, and Law Enforcement Communities who sustain mission critical operations and development programs in support of our Nation’s security.

## What We Do

Each industry is constantly evolving and changing, requiring solutions that can be tailored to meet strategic initiatives and goals, and a partner that has the experience to get there. Spry’s desire to broaden our customer’s ability to screen and prevent criminal and bad actors from causing harm to facilities, information and personnel is founded in events and tragedies that have become all too commonplace. Our goal is to enhance our customer’s overall security posture through advanced investigations and analysis. Our deep industry knowledge and responsiveness ensure that we continue to exceed our clients’ expectations by delivering superior solutions and support to meet their mission critical needs.

### Intelligence Analysis & Operations

Spry has the capacity and expertise to answer analytic questions and solve difficult problems. Spry develops query strategies, conducts research and analyses intelligence to produce actionable reports and recommendations:
